New York, NY • nchow31@wgu.edu • (718) 737-5582 • <https://github.com/INAHIDC>

Education

Western Governors University

BS in Information Technology, GPA: 3.58/4.00

Relevant Coursework: Systems Programming, Data Structures and Algorithms, Artificial Intelligence, Introduction to Probability, Multivariable Calculus

Salt Lake City, UT

May 2025

Kingsborough Community College

Liberal Arts Associate in Arts (AA), GPA: 3.8/4.00

Founder/President of Gamer Club

Brooklyn, NY

June 2023

Technical Skills & Projects

Programming: C, C++, SQL, Python, MATLAB, JavaScript, HTML, CSS

Utilities: AWS, Figma, Adobe XD, Wix

C773 Final Project

Built a responsive web app for Paradigm Pet Professionals using Figma wireframes. The app allows users to book consultations and seek care for pets of any age, with automatic backups for data reliability.

C178 Final Project

Implemented an automated Python tool using libraries like email, smtplib, and cryptography to capture and log user activity. The tool sends keystrokes and system data via email, with automated file handling and secure attachment delivery.

Relevant Experience

Discover Group

Junior System Admin

Diagnosed and repaired low-level SQL and Index Errors. Assisted in implementing updates, patches, and database backups for internal systems while providing support to end users to ensure smooth operations.

Brooklyn, NY

Aug 2023 – Sep 2024

New York State Senate

Cybersecurity and Compliance Intern

Automated cybersecurity documentation uploads and built a Chrome extension to monitor employee activity, supporting analysts in tracking potential risks.

New York, NY

Feb 2023 – Jul 2023

Manhattan Youth

Front desk Coordinator

Provided administrative support, handled data entry, filing, and public inquiries. Managed visitor logs, controlled access, and maintained security awareness at the front desk.

New York, NY

Apr 2022 – Apr 2023

Credentials

CompTIA A+, April 2024

ISC2 Certified in Cybersecurity, July 2023

Agile with Atlassian Jira Certificate, May 2023
